

SOURCE OF MYSTERY BLAST IN TOWNSHIP STILL UNCERTAIN

The blast which rocked the central portion of the township at 4:06 p.m. Wednesday was still a mystery to investigating officers late yesterday afternoon.

The explosion was felt in Centerville, Niles, Decoto, Alvarado, Newark and Irvington but appeared to be centralized in the Centerville area.

The explosion brought customers and merchants out of all the stores in Centerville.

Patrol cars from the sheriff's office made a round of industrial plants of the township but were unsuccessful in locating the origin of the explosion.

DENIED AT MILL

First reports were that the explosion had occurred at the American Forge plant near Niles but officers were told at the gate that the report was untrue.

A company official, contacted about noon yesterday, said that a "pop off" of a gas furnace had occurred during the previous afternoon but expressed certainty that it could not have been the explosion felt throughout the township. He stated that office workers near the plant were not even aware of the "slight" explosion. He stated that such a "pop off" is not at all uncommon at the plant and to his knowledge has never been felt elsewhere in the past.

An investigation was made to determine if the construction crew destroying the old bridge on Whipple Road near Decoto had dynamited Wednesday afternoon. They reported that they had done no blasting but did feel the concussion of the explosion.

Walter Blake, a telephone lineman, said yesterday that he and another company employee felt the blast while riding in their truck as they approached Centerville on Thornton Avenue.

AN AIR BLAST

An employee of the Pacific Aggregates plant in Centerville told officers that they had done no blasting but stated that the blast "shook the dickens" out of the office building at the plant site.

Deputy Sheriff Robert Moore felt the blast in Centerville and stated it definitely was an air type explosion and was not carried along the ground.

Several war veterans reported that the blast was more like the concussion from an anti-aircraft battery.

It was announced that the next meeting will be held at 6 p.m. at the International Kitchen and a chartered bus leaving at 6:45 p.m. with the Lions and their guests for the baseball game in Seal Stadium, San Francisco.

CLEARANCE SOUGHT FOR NEW TRACT IN MISSION SAN JOSE

A tentative map of a proposed 205-home tract in Mission San Jose was filed this week with the Irvington Sanitary District, according to R. J. Wright, secretary.

The map, filed for the purpose of determining if the Irvington Sanitary District can service the new section of homes, lists the Atlas Developers of Oakland as the tract developers.

The site is bounded by Bryant Street and Mission-Irvington Highway to the south and east and the property of the St. Mary's of the Palms School to the north and west.

According to the tentative map, five streets, to be named Santa Maria, Mabel, Lemarc, Vine and Cortez, would parallel the Mission-Irvington Highway and one street, Jerome, would parallel Bryant Street.

Wright stated that the newly constructed disposal plant of the Irvington district is sufficient in size to accommodate the increase in population.

The announcement of the new possible tract, coupled with announcement of plans of other subdividers to open tracts along the Irvington-Mission Highway, makes that area one of the most rapid growing districts in the township.

\$4,000 BURGLARY STAGED AT NEWARK

A daring \$4,000 daytime burglary was staged near Newark Tuesday morning at the home of John Santos on Lincoln Road.

According to a report on file in the Hayward sub-station of the sheriff's department, Santos fixed the time of the burglary between 10 a.m. and 12:20 p.m. Tuesday while he was away from home operating a bus for the Newark school.

The loot consisted of traveler's checks, jewels and clothing.

Entrance was gained by slitting a screen on a rear window to the residence.

Missing is \$220 in traveler's checks, an estimated \$2,000 in unmounted jewels, a \$1,000 diamond ring, 2 \$50 rings, a wrist watch, and a man's suit and topcoat.

NAZARENE BIBLE SCHOOL READIED

The staff of instructors reported this week that they had spent many hours planning and studying material and had selected interesting handcraft projects.

The school is open to youngsters between the ages of 4 and 13

TOLL COSTS CUT FOR NILES TELEPHONES

The extension of the base rate area for the Hayward telephone exchange, effective last Sunday, was a benefit to 203 telephone subscribers in the Niles area.

K. K. Kenchelian, telephone company manager, said this week that savings of \$1,905 annually will be realized by these users in this area.

He stated that the mileage charge for 171 of these subscribers has been eliminated entirely, while the remaining 32 will receive a reduction in their mileage charge.

Districts effected by the enlargement of the base rate include Canyon Heights, the area south and northwest of Niles along the state highway and the area southeast of Niles to Walnut Avenue and Morrison Street.

In making the announcement, Kenchelian said the number of telephones in the Niles area has grown from 295 in 1940 to 717 in 1950, an increase of 143 per cent in the past ten years. For the same period the number of originating calls has increased from 1,069 to 2,670, an increase of 150 per cent.

ALVISO SCHOOL CALLS BIDS FOR \$51,000 IN BONDS

The Alviso School District this week announced that it is calling for bids for the sale of the \$51,000 in bonds voted by the residents of the district last month.

The bids will be opened at 10 a.m. on July 5 in the office of the Board of Supervisors, Oakland.

The bonds are authorized to be issued and sold for the purpose of raising money for the construction of additional school buildings, the supplying of school buildings with furniture or necessary apparatus and the permanent improvement of the school grounds.

The district, which was first established on August 15, 1864, has a present assessed valuation of taxable property of \$1,470,880.

According to the notice of sale, the total bonded indebtedness of the district, not including this issue, is \$22,000.

The terms of the sale state that \$2,000 in bonds will mature in each of the years from and including 1951 to 1974.

POSSIBILITY OF THIRD SCHOOL IS SEEN AT DECOTO

The possibility that the Decoto School District might soon find it necessary to add a third elementary school was voiced Tuesday evening by L. W. Musick, district superintendent, at the meeting of the Decoto Chamber of Commerce.

The district is now constructing the new Joseph Bernard School on Whipple Road, which will be ready for use at the opening of the 1950-51 school term.

However, Musick said at Tuesday's meeting, that in view of the large number of new homes now planned for construction in the district, the two schools may not be large enough to accommodate the increased enrollment. He said that the Board of Trustees have been discussing plans for a third school and have already contacted state representatives about the matter.

A street improvement program was outlined and Secretary Bernie Joseph was instructed to write to Supervisor Chester E. Stanley asking that Eighth Street be opened between H Street and Decoto Road and that Railroad Avenue be widened between Decoto Road and Whipple Road.

A letter was also ordered to be sent to the captain of the Highway Patrol requesting closer control of speeders in the community.

President Edward Paniagua was delegated to attend the public hearing in Oakland on June 20 in regard to the rezoning of certain areas in Decoto.

The Chamber voiced its approval of the rezoning of land along the Western Pacific tracks to make the land available as sites for new industries interested in locating in Decoto.

The members voted to sponsor two decorated cars in the Alameda County Fair parade on July 2.

NOTICE TO WELL OWNERS

At the request of Alameda County Water District, a meeting was held at Niles on Friday, June 9, with officials and engineers representing the following agencies:

California State Board of Water Resources;
California State Water Pollution Board;
California State Board of Health;

Alameda County Flood Control Advisory Commission;
Alameda County Farm Bureau.

These bodies, recognizing the critical situation as to salt water leakage into the deeper gravels of this district, and the need for immediate action, have approved the plan of Assistant State Engineer Simpson to complete a survey of the salt content of the wells of the area. This work is now under way.

THE DIRECTORS OF THIS DISTRICT URGENTLY REQUEST THAT ALL PROPERTY OWNERS ASSIST IN EVERY WAY IN THE WORK OF THE FIELD-CREW FROM THE STATE ENGINEER'S OFFICE NOW ENGAGED IN THIS WORK, AND WE ASK THAT CITIZENS REPORT TO THE LATTER ANY KNOWLEDGE THAT THEY MAY HAVE OF DEFECTIVE WELLS OR OTHER SOURCES OF CONTAMINATION.

We are glad to report that the representatives of the above agencies, at the meeting at Niles, showed the fullest sympathy and understanding of our problem and will give full support in enforcing the laws and regulations to protect the public welfare in this regard.

We tried to express the gratitude of this community for their prompt and effective assistance, and were assured of their continued co-operation, not only in these emergency measures, but also in a permanent solution by means of our inclusion in the State-wide water plan for getting in new sources of water supply.

State May Make Surplus Water Available to This Area, Board Members Told

The water shortage in the agricultural area surrounding San Francisco Bay, including Washington Township and the Santa Clara Valley, can be relieved and corrected in three or four years. This statement was made by T. R. Simpson, principal hydraulic engineer of the California Division of Water Resources.

Simpson and a number of engineers representing other state departments were present at a meeting Friday at the International Kitchen, arranged by directors of the Alameda County Water District. The meeting may be regarded as the most important discussion of water problems ever held in Washington Township.

Presently a study of levels of wells is being made by the state. Starting in July this study will be expanded to include salt water intrusion. This will involve the work of a staff of approximately 40 men. The Alameda County Water District is asking the co-operation of all farmers with the staff of state engineers.

LONG-RANGE STUDY

Engineer Simpson stated that the State Division of Water Resources is now engaged in a survey which will give the answer to the problem of bringing water into Washington Township. Although no definite solution can be offered now, he stated that cost estimates indicate that surplus water can be brought into this area at a cost of \$12 to \$15 per acre foot.

In California, he said, there is 70 million acre feet of surplus water. Of this amount, only 10 million is being utilized now. The problem being studied is the full utilization of run-off, or surplus, water.

Surplus water available for the township area, he indicated, would be from the Sacramento River. Contrary to general belief, he said, the Sacramento River, rather than being depleted by agricultural needs in the Sacramento Valley, accumulates drainage water which runs into San Francisco Bay as surplus.

The Queen of the Fair will be selected on the basis of the girl who sells the largest number of tickets to the Queen Show, "Stars on a Summer Night," on Sunday, July 2.

Miss Silveira's fiancé is Bob Rose of Irvington, now playing professional baseball with Borger, Texas, in the West Texas-New Mexico League.

NEW ASSISTANT FOR DR. GRIMMER

Dr. E. M. Grimmer of Irvington announced this week that he has a new associate, Dr. Conrad March, who will move here next month from San Francisco.

Dr. March is formerly of Jefferson Medical School in Philadelphia. He took his internship at the Southern Pacific Hospital in San Francisco. Dr. March and his wife will move to the home adjoining the office in Irvington next month.

He succeeds Dr. Erich Spiro who will go to Cincinnati, Ohio, to specialize in x-ray.

COUNTY FAIR QUEEN TITLE SOUGHT BY DOLLY SILVEIRA

Miss Dolly Silveira, 18-year-old daughter of Mr. and Mrs. George Silveira of Thornton Avenue, Centerville, this week announced her candidacy for the title of Queen of the Alameda County Fair.

The attractive brown haired, brown eyed Centerville girl entered the race with a determination to see to it that a Washington Township girl again holds the crown at the annual County Fair.

Queen of the Fair last year was 16-year-old Elvamae Rose of Newark, who far outdistanced a large field of contestants to win the coveted award.

Miss Silveira, who graduated from Washington Union High School with the Class of 1949, was an outstanding student at the school and for four years performed as a baton twirling majorette with the marching band.

"This is the first time I have ever entered such a contest," Miss Silveira said this week in announcing her candidacy, "and, it will be the last, because as you probably know, I plan to be married in October."

Miss Silveira's fiancé is Bob Rose of Irvington, now playing professional baseball with Borger, Texas, in the West Texas-New Mexico League.

The Queen of the Fair will be selected on the basis of the girl who sells the largest number of tickets to the Queen Show, "Stars on a Summer Night," on Sunday, July 2.

A GOOD LOSER

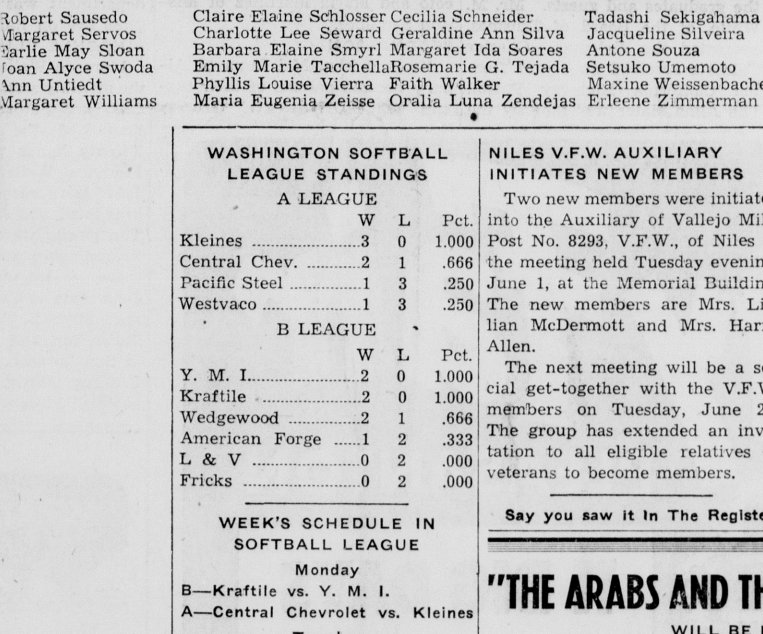

There's a story behind the story that has been publicized lately concerning Mrs. Susie Lemos, an Alvarado grandmother, who just completed a four-year high school course in two years at the evening school at Washington High. The story is more than that of a determined woman who wanted to finish her education after 42 years away from school. It's also the story of a woman who refused to succumb to life's tragedies. Widowed very suddenly just

two and a half years ago, Mrs. Lemos, who loved her husband devotedly, felt that her life, too, had come to an end. "But I knew that I shouldn't just sit home and brood," she said. "I knew that the only thing for me to do was to keep on going. I felt that I had to find something, somehow, to keep my mind occupied. So I decided to go to school and finish my education. I also decided that it would be better for me if I found a job." She smiled reminiscently, a trifle sadly. "You don't know the feeling you get when you apply for a job and they say very bluntly, 'you're too old.' But loneliness, heartache, and unkind remarks about her age (she is really a young-looking grandmother) failed to dampen her determination to "keep going." Now she's finished her high school education, is working in the

office of the cleaning plant belonging to her son-in-law, Henry Miller, and has won the respect and admiration of her children and her friends. Happy? Well, not exactly. "I'll never get over missing him," she reflected, as she pulled a picture of her husband out of her purse, and showed it. "But I think I'm living life the way he'd want me to live it." In sports circles Mrs. Lemos would be known as "a good loser." FOR PUZZLE EXPERTS We went to see the Ice Follies last Monday night. It was even more spectacular than ever. That's one show you can always depend upon to be good. Some day when I have more space (they tell me I have to cut this column short because of the graduation pictures) I must tell you in detail about our return trip

home from the Ice Follies. We took the new Eastshore Freeway home (to save time) and got so fouled up with the "clover-leaves" and what-not (at one time we found ourselves half-way back to Oakland again) that we arrived home almost in time to meet the milk man. These new super-highways were obviously dreamed up by a puzzle fan. ABOUT NEIGHBORS A man in our neighborhood, left to take care of his children while his wife was away at the hospital, has a kind word to say for neighbors. "Without the help of the neighbors, I don't know how I would have managed," he said. "You really don't appreciate your neighbors, I guess, until something like this happens." It's a welcome relief to hear kind words about neighbors. So many times, it's only the things about our neighbors that we don't

like that we talk about. A neighbor is all things to all people, however, depending on the point of view. The thing to remember about neighbors, above all other things, is that much-used and much-abused word TOLERANCE—tolerance of your neighbor—and his family, his hobbies, his pets, his friends. Heaven help you if you live next door to a complaining neighbor! There is no more deadlier affliction. PAST PRESIDENTS CLUB HONORS NEW OFFICER The Past Presidents Club of St. Jude's Institute, Y.L.I., Irvington, gave a dinner at Onstadt's in San Leandro on Wednesday honoring their new president, Esther Rogers. A gift was presented to the retiring president, Anne Perry. The next meeting will be held on July 5 at the home of Bertha Rose.

THREE SOFTBALL CLUBS STILL IN UNDEFEATED RANKS

At the conclusion of two weeks of play in the Washington Township Softball Association League three teams still remain in the undefeated column.

Kleines, constant top contenders for the league pennant, lead the A league as the only team with a perfect standing with three wins and no losses.

In the B League both the Y.M.I. Club and Kraftile have scored victories in their two opening games, against no defeats.

Last Thursday evening Kleines dumped Westvaco 8 to 1 in an easy win, and American Forge edged out L & V 8 to 7.

Friday night the Wedgewood aggregation had little difficulty downing Fricks 8 to 3 and Central Chevrolets won a low scoring 3 to 1 victory over the Pacific Steelers.

On Monday evening the Chevrolets outscored Westvaco 8 to 2 and Kraftile had an enjoyable evening coasting over American Forge 19 to 3.

Tuesday the L & V Club suffered a decisive defeat at the hands of the Y.M.I.'s 13 to 2 and Kleines had to come from behind in the final inning to defeat the Pacific Steelers 7 to 6.

Wednesday evening Westvaco won over the Steelers in a hard-fought 3 to 1 margin and Wedgewood continued their high-scoring spree by dumping American Forge 13 to 7.

WHEAT ALLOTMENTS FOR NEW FARMS

Owners or operators of farms on which no wheat was seeded for harvest in any of the years 1948, 1949, or 1950, may apply for a 1951 wheat acreage allotment, according to Fred F. Lewis, chairman of the Alameda Production and Marketing Administration County committee.

The owner or operator must apply for a specific acreage if an allotment is to be subsequently established, Mr. Lewis stated.

To be considered for an allotment on a new farm the farmer must apply in writing to his PMA county committee at 170 Castro Street, Hayward, by June 23.

By GRACE CAMINADA

Grace Caminada waited anxiously to receive their diplomas which meant eight years of school was completed.

The orchestra and glee club sang "America the Beautiful" and a medley by Dvorak. That opening number was followed by two folk dances by a group of eighth grade pupils. Ida Paniagua did a Spanish dance, the "Español Cani," in a beautiful costume. The glee club again sang, followed by several trombone selections by Chester Calderia. Rosemarie Gonzales did the peasant dance "La Jota" in an appropriate costume. Her dance emphasized the lightness of her feet and body in perfect rhythm with the music she danced to. The kindergarten and first grade displayed their talent in their own orchestra with "conductors" to lead them. The drum and bugle corps, a well organized group, was led by Loretta Ferreira who kept that baton twirling as fast as her hands could.

As a hush fell over the audience "Pomp and Circumstance" was played and in marched the class of 1950. The boys all wore suits with carnation buttonholes and the girls had pastel ankle length formal with white corsages. Clarence M. Souza made the salutation and Patricia Grandstaff was the valedictorian. Mr. James L. Bunker, administrative assistant county superintendent of schools, was introduced and made a speech to the graduates and guests. Mr. M. White, of the Board of Trustees, presented the diplomas. Chester Calderia received an award from the California Highway Patrol. The Alma Mater was sang by the

eight grade which was followed by the audience singing the Star Spangled Banner. Two radios were presented the school by the two graduating classes.

GRADUATION PARTIES
The many parties which were held after graduation were many and groups of graduates attended one after the other. Chester J. Calderia held open house for his class graduates, friends and relatives. Chester is the last one (thus far at least) to graduate from the Decoto Grammar School in the Calderia family. Two generations, about 60 years ago, the Calderia family started to graduate from the school and today Chester is the last one. Well, we hope a new generation will succeed him so that record won't be broken.

Mr. and Mrs. Louis Cambra presented their daughter, Shirley, for her graduation present, a fine watch. They also held open house for all.

The Gonzales Paniaguas had a barbecue in their patio in celebration of their daughter, Ida's, graduation. Open house included many guests and relatives from both sides of the family.

A hot dog barbecue was held at the home of Donnie Martin immediately after graduation. Open house was held at the home of Clarence Souza.

Friends and relatives gathered at the homes of Freddie Sanchez, Betty Gonzales and Frances Martinez.

IN OAKLAND
Mr. and Mrs. Manuel Muniz and Mr. and Mrs. Ramon Pagan were among the many who attended the graduation and party of Lorraine Pagan, daughter of Mr. and Mrs. Tom Pagan of Oakland, formerly of Decoto. The graduation was held last Thursday night in St. Anthony's School in Oakland.

WEDDING BELLS
A marriage license was issued last week to Gilbert Torres of Decoto and Maria Martinez of Mission San Jose.

SECOND SON
Mr. and Mrs. Mel Luna of Albany became parents of their second son on May 31. Gregory

Charles made his appearance at Permanente Hospital. He tipped the scales at 9 pounds and 3 ounces. He has a brother, Douglas Melvin, 20 months old.

LINEN SHOWER

A linen shower was given for Nettie Luna on June 6 by Miss Vivian Moreira of Hayward. Guests included Mrs. Mary Luna of Decoto, Mrs. Alice Massie of San Lorenzo, Mrs. Charles Oberg, Mrs. Gene Lemas, Mrs. Woody Carlson, Mrs. Hal Willis, Mrs. Ron Simpson, Miss Laurie Moreira, Mrs. Manuel Moreira, Miss Billie Howard, all of Hayward; Miss Peggy Buss of Alvarado, Mrs. Robert Oldaker of San Leandro and Mrs. Ray Burnett of Niles. A beautiful cake was the table centerpiece which was inscribed "Congratulations Nettie and Dick." The honoree received many lovely gifts. The date of the wedding is set for July 16 at St. John's Catholic Church in San Lorenzo.

VACATIONING

Mr. and Mrs. Richard Kabrich and daughter are contemplating a vacation trip as far northwest as Seattle. Dick, who is employed at the Niles office of the P. G. & E., hopes to make the most of the trip and, being interested in photography, I suppose he'll take many pictures for remembrance. Have a good time, folks.

WELCOME SIGHT

A welcome sight to see is the blacksmith shop where Mr. A. Amaral has returned to work after a long illness. Being an active man, I imagine Mr. Amaral is happy to be back. Glad to see you back.

HOME FROM COLLEGE

Harvey Hernandez has returned home for his summer vacation from Taylor University in Indiana. Meantime he is developing his muscles by doing garden work and sunning in this "beautiful California weather!"

NEW CAR

Mr. Roland Bendel has a brand new car and installed on it already is a fire siren. But if the Decoto record is as it has been, Chief Bendel will have little use for that siren. Last Friday night, the fire department was called out for a grass fire on Railroad Avenue.

PINOCHLE CLUB

Florence Wallace was hostess at the monthly session of the Pinochle Club last Saturday night, at the home of the Lester Watkins. Twenty hands were played with Florence Wallace winning high, John Mara second, Mrs. L. Watkins third, and Frances Avilla low. The guests were served two delicious cakes and coffee. Among those present were: Mr. and Mrs. John Mara of Canyon Heights, Mr. and Mrs. L. Watkins, Mrs. J. Parks, Mr. and Mrs. Don Morgan of San Lorenzo, Mrs. A. L. Costa, Frances Avilla, guest, and the hostess, Florence Wallace. The

STEELWORKERS ELECT

Election of officers was held on June 7 for United Steelworkers of America, Local 3387. The new officers are: Bufford Barks, president; John Keener, vice-president; A. S. Pierce, secretary; R. W. Pierce, treasurer; and Charlie Meyers, financial secretary.

Committeemen elected are: Jerry Dutra, 12 and 16-inch rolling mill; John Keener, furnace; Emerson Ferrell, maintenance; Al Mann,

electricians; Joseph Campbell, machine shop; and Bufford Barks, 26-inch rolling mill.

Jack Cahill, John Cease and Gorman Topel went deep sea fishing over the week-end. The three got their limit in salmon.

Frank Correa and wife, Doris, and John McGowan and wife, Marion, took in the Livermore Rodeo Saturday. After the Rodeo they had dinner at Frank's aunt's home in Livermore.

"Moose" Von Seidlitz of the rolling mill will close his place of business on Mondays. He operates the Blue Room in Niles. From now on he and the wife will just relax or take a little ride.

Vic Fraccoli has returned to the 26-inch mill after being off for two weeks with a broken finger.

Ben Tate, hot bed superintendent, went fishing at Capitola last week-end and caught quite a few perch and flounder. He also enjoys his TV set which he purchased recently.

John Baker of the hot bed finally got a haircut after five months. That's news.

Passco girls bowling team stands in fifth place now. Last week they lost 2 and won 1. The team holds high series and high individual scores.

DECOTO DISCUSSION GROUP REVIEWS INTERESTING HISTORICAL NOVEL.

By ETHEL AVILLA

After a delicious luncheon served by the hostess, Mrs. Clifford Johnson, at her home last Wednesday, members of the Decoto Discussion Group reviewed "The Black Rose" by Thomas Costain.

The story is built around three men; Edward the First, sometimes called the Lawgiver, was one of the greatest of English kings. The second, a Mongolian general, referred to in history as Bayan of the Hundred Eyes who conquered China for Kublai Khan, and the

third is Roger Bacon, English philosopher and scientist.

These extra-ordinary men who lived during that period of the dark ages that has grown dim in memory are vividly portrayed in this romantic and adventuresome thirteenth century story. The author is noted for his exceptionally fine historical novels.

The group will meet next in August at the home of Mrs. Katherine Goulart. Mrs. Bernie Joseph will be the leader.

Their First

Mr. and Mrs. Carl Pierce of Newark are proudly announcing the birth of their first child, a boy, born last Tuesday at Alameda Hospital. The young man weighed 8 pounds at birth and has been named Robert Osteen. His mother is the former Pat Mohn.

Robert's two sets of grandparents are Mr. and Mrs. E. O. Pierce of Newark, and Mr. and Mrs. Lorin Mohn of Niles.

Overnight Guests

Dr. and Mrs. Joe Blacow will be overnight guests of Mr. and Mrs. N. K. Turnbow of Irvington. Tonight Dr. Blacow will give the commencement address at the Irvington school.

Visitors from Kansas

The W. Q. Wrights of Mowry Road entertained overnight guests last week from Hutchinson, Kansas. They were Mr. Wright's sister-in-law, Mrs. R. A. Wright, and her son, Ralph, and daughter, Barbara.

Home Again

Miss Edith Bergman of Centerville has just returned home after seven weeks' vacation that included a trip to San Mateo and San Francisco with her niece, Grace Eby, for a few days, and thence down to Fresno. She spent one week-end in Monterey visiting her great-nephew, Terry Eby.

Lake Amador Plans

Mr. and Mrs. W. E. Trenouth of Irvington will be joined by their daughter and son-in-law, Mr. and Mrs. Bill Humpert, and two other couples from Hayward, on a vacation and fishing trip to Lake Almanor. Their plans call for a week in July. Just what week it will be isn't quite decided.

Miss Enid Lovett, teacher at Washington High, is moving from her apartment in Irvington, to Berkeley. She will commute from Berkeley to Centerville next year.

Members were urged to make entries in the forthcoming Alameda County Fair at Pleasanton in July.

The meeting was closed with a fashion parade given by the Pleasanton group.

IRVINGTON Y. L. I. ELECTS OFFICERS

The election of officers of St. Jude's Institute, Y.L.I., of Irvington, was held Tuesday evening at the I.O.O.F. Hall, in conjunction with the annual visit of District Deputy Josephine Cummings of San Leandro.

Officers elected, who will be installed at the July meeting, were: Gertrude Dutra, president; Evelyn Rose, first vice-president; Antoinette Pementel, second vice-president; Anne Perry, recording secretary; Mary Freitas, financial secretary; Pearl Guardanapo, treasurer; Genevieve Freitas, marshal; Doris Rego, inside sentinel; Beatrice Williams, outside sentinel; Margaret Williams, organist; and Beatrice Enos, Bertha Rose, Belmeda Sylvia, June Lewis and Mae Avila, trustees. Outgoing president is Isabel Vargas.

The committee in charge of the meeting was composed of Gertrude Dutra, June Lewis, Florence Porter, Evelyn Rose and Ruth Shiffar. Chairman of the evening was Mae Avila.

NILES SHOP TO CLOSE ITS DOORS

The Rummage Shop, an institution of Toyon Branch of Children's Hospital, will permanently close its doors tomorrow, and no longer will Niles have within its confines what was tantamount to a clothes closet—where everything from a 1929 "formal" to a pair of "golden" earrings could be found.

The shop, founded over seven years ago, when Mrs. Laura Whipple was active chairman of Toyon, has served well its purpose—to make it possible for people of lower incomes to have clothing that they otherwise couldn't have, and to provide a steady and tidy income for Children's Hospital. Closing of the shop was voted upon at Monday's meeting. Although the vote wasn't unanimous, it was felt by the majority of the members that the time spent at the shop could more profitably be spent in some other charitable project for Children's Hospital.

BURGLARY NETS \$36 AT IRVINGTON

Burglars with more of a smoking habit than an appetite broke into the Irwin Grocery in Irvington early Sunday morning and took loot valued at \$36.

The culprits entered by removing a pane of glass from a back window and passed up all the grocery merchandise to snatch 20 cartons of cigarettes and two boxes of cigars.

RITES SATURDAY FOR MRS. SANCHEZ

Funeral services will be held Saturday for Mrs. Guadalupe Sanchez, 37, Alvarado, who died in an Oakland hospital Wednesday. She had been in failing health for the past several months.

She was a native of Mexico and the wife of Antonio G. Sanchez. A rosary will be recited at the parlors of the Berge Mortuary Company in Niles on Friday evening.

Final rites will be held from the parlors of the mortuary at 9 a.m. Saturday, followed by a requiem mass at 9:30 at St. Anne's Church, Alvarado.

Interment will be at Holy Sepulchre Cemetery, Hayward.

Albert H. Perez, Niles, has received his realtor's license and this week joined E. C. Parks of Niles in his real estate office at 753 First Street.

NILES BOYS APPEAR ON TELEVISION SHOW

Niles Cub Scouts, under the coaching of Joe Hudson, staged a boxing bout over television last night that, for excitement and sportsmanship, couldn't have been equalled by amateur boxers anywhere, regardless of age.

The boys, all between eight and eleven years of age, were escorted to San Francisco by the coach, their cubmaster, Frank Stewart, and Jimmy Dias.

Those who participated included Jack Jones, Bruce Gellerman, Eddie Costello, Grady Hudson, Donald Dewey, Jack Perry, Tommy Costello, John Stewart, Coy Odom, Stanley Rebello, Ernie Perry and Leonard Maria.

IRVINGTON LOSES TEACHERS TO NILES

A shift in teaching personnel will see two of Irvington's teachers teaching at the Niles school next year.

Miss Mary Virginia Bristow has given up her position in Irvington to take the post of vocal music teacher at the Niles school; and Miss Charlotte Sandorff, who taught the fifth grade at Irvington last year, will teach the sixth grade at Niles, starting this fall.

A blow to the kindergarten department at Irvington is the resignation of Miss Ebba Rae Benbow, who is planning a trip to Hawaii as soon as she can get passage.

Irvington is also losing another teacher, Mr. James Howden, eighth grade teacher, who has accepted the position of principal of the Sunol school.
